Program Office: Office of Head Start
Funding Opportunity Title: American Recovery and Reinvestment Act of 2009 - Early Learning Mentor Coaches
Announcement Type: Initial
Funding Opportunity Number: HHS-2010-ACF-OHS-ST-0120
CFDA Number: 93.708
Due Date for Applications: **07/12/2010**
Executive Summary:

The Administration for Children and Families (ACF), Office of Head Start (OHS) announces the availability of funds under the American Recovery and Reinvestment Act of 2009 (P.L. 111-5). Approximately \$25 million for a project period of eighteen months will be competitively awarded to up to 150 current Head Start and Early Head Start grantees. These funds will support Early Learning Mentor Coaches (Coaches) who will provide on-the-job guidance, coaching, training, and technical assistance to classroom teaching staff, home visitors and family child care providers (teaching staff) who work in Head Start and Early Head Start programs. The goal of the Coaching initiative is to improve the quality of teaching; assist programs to promote positive, significant and sustained outcomes for children; and promote career development for teaching staff working in Head Start programs.

The Coaches will provide professional development related to ongoing child assessment and its connection to teaching and learning; the aggregation and analysis of child progress data and the use of such information for curriculum implementation and continuous program improvement; strategies for improving teacher child interactions; and effective strategies for working with culturally, linguistically, developmentally and age diverse groups of children. Coaches will also provide encouragement designed to support teaching staff's completion of college coursework on their paths to earning academic degrees.

Successful applicants will be subject to reporting requirements consistent with the American Recovery and Reinvestment Act of 2009 (P.L.111-5) and with current Head Start regulations.

I. Funding Opportunity Description

Statutory Authority

Funding is appropriated by the American Recovery and Reinvestment Act of 2009 (P.L.111-5). Funding is authorized by Sections 648 and 645(A)g of The Improving Head Start for School Readiness Act of 2007, 42 U.S.C. § 9843.

Description

Background and Purpose

Head Start is a nationwide comprehensive child development program serving eligible children from birth-to-five and their families. In order to promote positive, sustained outcomes for the children served in Head Start, OHS supports a National Training and Technical Assistance (T/TA) System that consists of three components:

- **National Centers** form the cornerstone of Head Start's T/TA System. The National Centers provide OHS with the ability to disseminate a consistent message across regions, States and local programs. The T/TA, information and materials provided via these National Centers will be reflective of current research and best practices. The National Centers are:
 - National Center on Quality Teaching and Learning
 - National Center on Parent, Family and Community Engagement
 - National Center on Cultural and Linguistic Responsiveness
 - National Center on Program Management and Fiscal Operations
 - National Center on Health, Oral Health, Mental Health and Nutrition
 - Early Head Start National Resource Center
- **State Training and Technical Assistance Centers**, known collectively as the T/TA Network, continue and extend the work of OHS and the National Centers by targeting work to individual grantees and groups of grantees within each State. The T/TA Center in each State will be staffed by Early Childhood Education (ECE) Specialists whose work will focus on T/TA related to early childhood teaching and learning. In addition, State T/TA Centers for States where a Regional Office is located will also be staffed by Grantee Specialists who will be deployed throughout the Region to work with grantees with deficiencies identified through Federal Monitoring Reviews and/or grantees with problems identified through Program Information Reports (PIR), Risk Management Meetings, audits, and other data submitted to and reviewed by OHS. All State T/TA Center staff will receive guidance, training, technical assistance and training materials from the National Centers, a strategy designed to ensure consistency across States.
- **Direct Funding to Grantees** accounts for approximately half of all T/TA dollars allocated to Head Start. Grantees have the discretion to use this money to establish agreements with community experts, institutions of higher education or private consultants in order to make program improvements identified by the grantee.

The goal of this National T/TA System is the operation of a seamless system of high-quality support for local programs.

Description

Coaches will also receive support from staff at the National Centers as well as from the ECE Specialists in the State T/TA Centers. Staff at the National Center on Quality Teaching and Learning and the Early Head Start National Resource Center will provide Coaches with resources to use with teaching staff as well as with ongoing consultation and technical assistance related to work with individual grantees. The Center on Cultural and Linguistic Responsiveness will provide strategies and materials to Coaches targeting the specific cultural and linguistic characteristics of children and families with whom the Coach is working. The Center on Parent, Family and Community Engagement will provide Coaches with strategies for effectively promoting family engagement in the development and education of their children. Staff from each of the six Centers will be available to guide and support the work of Coaches.

A close collaborative relationship between the ECE specialists from the State T/TA Centers and the Coaches is integral to the delivery of seamless T/TA to local programs. ECE specialists and Coaches will

communicate regularly regarding technical assistance provided to grantees to determine how they can best collaborate to support local programs.

Coaches will provide support for teaching staff to improve the development and early learning of Head Start and Early Head Start children. To accomplish this goal, a relationship where ideas can flow in a positive and supportive environment is formed. As a result, teaching staff can be more comfortable asking questions, seeking guidance, and reflecting on early child development theory and its relationship to everyday practice. This relationship enables the Coach to provide feedback and make suggestions to help teaching staff improve their skills, knowledge and competencies. In turn, this improves the ability of teaching staff to better assess and understand the children with whom they work. It enables them to work intentionally to individualize learning so that each child can reach his or her maximum potential.

Coaches will focus on clearly stated outcomes that are targeted at improving instructional outcomes as measured by CLASS scores and The Head Start Child Outcomes Framework. They will provide ongoing and consistent assistance to teaching staff over a period of time with the amount of time devoted to working with each member of the teaching staff determined through an assessment of the strengths and needs of each individual. This will support teachers' growth related to curriculum development and implementation; individualizing for children based on observation and ongoing assessment; and, for three-to-five year old children, positive staff-child interactions in all domains of The Head Start Child Outcomes Framework.

Coaching will focus on the latest research-based practice. Coaching activities will include, but not be limited to, the following:

- Establishing a comfortable relationship with assigned teaching staff;
- Leading discussions on early child development and learning;
- Assisting teaching staff with appropriate curriculum planning and implementation;
- Conducting observations of teaching staff and of their interactions with children and families to create opportunities for discussion;
- Providing feedback in a supportive, instructive and non-judgmental way;
- Enhancing the ability of teaching staff to observe children's activities and experiences as part of the ongoing assessment process and to use this information to individualize the curriculum;
- Modeling appropriate strategies for engaging children in interactions designed to improve their vocabularies, content knowledge, love of learning and persistence in pursuing inquiries; and
- Providing opportunities for participants to reflect on and apply theory and learning to everyday practice.

Certain characteristics are important for Coaches working with teachers of young children. Some of the most important traits are included in the following list:

- Must have extensive knowledge of early childhood education including all domains of learning and development. They must be familiar with current research and understand how that research can be translated into classroom instruction.
- Must have experience providing and implementing early childhood education service activities and training for the teaching staff and parents. As Coaches, they will be modeling best practices for their mentees and must be able to apply their professional knowledge to work with adult learners.
- Must have extensive experience working and communicating with culturally, linguistically, developmentally, and age-diverse groups. They must be able to communicate self-confidence but simultaneously be open to other perspectives.
- Must have experience in establishing and maintaining positive, trusting, supportive relationships with teaching staff and families and show expertise for using effective communication skills. Friendliness, empathy and respect for the mentees must be balanced with the ability to individualize according to the mentee's learning style and background.

The funding for Early Learning Mentor Coaches under this announcement will support coaching to up to 150 grantees to enhance high quality teaching.

Awards made under this announcement are subject to the availability of Federal funds.

Please see *Section IV.5 Funding Restrictions* for any restrictions on the use of grant funds awarded under this announcement.

III. Eligibility Information

III.1. Eligible Applicants

ACF seeks applications from current Head Start and Early Head Start grantees. Applicants may include individual grantees who wish to provide coaching to their own teaching staff in order to improve outcomes for the children they serve. Such programs must have the organizational capacity to provide for the coaching to be supplied through this grant, either through reassignment of existing staff or by hiring new staff or contracting with consultants. OHS also welcomes applicants from current grantees who may wish to expand the coaching of their own staff to staff in other Head Start and Early Head Start programs. In both cases, the applicant must document a record of strong performance in their early childhood program as well as their overall program management and demonstrate that the responsibilities of administering this grant will not result in a decline in their performance.

Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Faith-based and community organizations that meet eligibility requirements are eligible to receive awards under this funding opportunity announcement.

See "Legal Status of Applicant Entity" in *Section IV.2* for documentation required to support eligibility.

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: Yes

Grantees are required to meet a non-Federal share of the project cost, in accordance with **Section 640(b) of the Head Start Act**

Grantees must provide at least **20%** percent of the total approved cost of the project. The total approved cost of the project is the sum of the ACF (Federal) share and the non-Federal share. The non-Federal share may be met by cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions. For example, in order to meet the match requirements, a project requesting **\$225,000.00** in ACF (Federal) funds must provide a non-Federal share of the approved total project cost of at least **\$56,250.00**, which is **20%** percent of total approved project cost of **\$281,250.00**. Grantees will be held accountable for commitments of non-Federal resources even if they exceed the amount of the required match. Failure to provide the required amount will result in the disallowance of Federal funds. A lack of supporting documentation at the time of application submission will not exclude the application from competitive review.

To receive a waiver or a reduction in the required non-Federal share, the applicant must provide ACF with written documentation of need. This request must identify which of the five waiver criteria found at Section 640(b)(1-5) of the Head Start Act it believes to be relevant. It may be submitted with the grant proposal document or during the budget negotiation period. Approval of the waiver request cannot be assumed by the applicant without written notice from ACF. In light of the current economic crisis ACF will be receptive to reasonable arguments for such waivers.

III.3. Other

Disqualification Factors

Applications with requests that exceed the ceiling on the amount of individual awards as stated in *Section II. Award Information*, will be deemed non-responsive and will not be considered for funding under this announcement.

Applications that fail to satisfy the due date and time deadline requirements stated in *Section IV.3. Submission Dates and Times*, will be deemed non-responsive and will not be considered for funding under this announcement.

See *Section IV.3. Submission Dates and Times* for disqualification information specific to electronically-submitted applications:

- Electronically-submitted applications that do not receive a date/time-stamp email indicating application submission on or before 4:30 p.m., eastern time, on the due date, will be disqualified and will not be considered for competition.
- Electronically-submitted applications that fail the checks and validations at www.Grants.gov because the Authorized Organization Representative (AOR) does not have a current registration at the Central Contractor Registry (CCR) at the time of application submission will be disqualified and will not be considered for competition.

- Applications from all entities other than currently Federally-funded Head Start and Early Head Start grantees will be deemed non-responsive and will not be considered for funding under this announcement.

The Pro-Children Act of 2001, 42 U.S.C. 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with Federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing and submitting the application, applicants are making the appropriate certification of their compliance with all Federal statutes relating to nondiscrimination.

Additional information on certifications and assurances may be found in the HHS Grants Policy Statement at: http://www.acf.hhs.gov/grants/grants_related.html.

The Project Description

Part I: The Project Description Overview

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. The project description should be concise and complete. It should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing the project description, information that is responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

General Expectations and Instructions

ACF is particularly interested in specific project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

Part II: General Instructions for Preparing a Full Project Description

Introduction

Applicants that are required to submit a full project description shall prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria. The topics listed in this section provide a broad overview of what the project description should include while the Criteria in *Section V.1* identify the measures that will be used to evaluate applications.

Project Summary/Abstract

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name
- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced and limited to one page in length.

Objectives And Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies or needs assessments should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. For example, each project task could be assigned to a row in the first column of a grid. Then, a unit of time could be assigned to each subsequent column, beginning with the first

unit (i.e., week, month, quarter) of the project and ending with the last. Shading, arrows, or other markings could be used across the applicable grid boxes or cells, representing units of time, to indicate the approximate duration and/or frequency of each task and its start and end dates within the project period.

When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

Provide a list of organizations, cooperating entities, consultants, or other key individuals who will work on the project, along with a short description of the nature of their effort or contribution.

Legal Status of Applicant Entity

Applicants must provide the following documentation of their legal status:

Proof of Non-Profit Status

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
- Any of the items in the subparagraphs immediately above for a State or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

When applying electronically, proof of non-profit status may be submitted as an attachment; however, proof of non-profit status must be submitted prior to award.

Organizational Capacity

- Organizational charts
- Board of Directors
- Contact persons and telephone numbers
- Any other pertinent information the applicant deems relevant.

Provide a biographical sketch or resume for each key person appointed. Resumes should be no more than two pages in length. Job descriptions for each vacant key position should be included as well. As new key staff are appointed, biographical sketches or resumes will also be required.

Budget and Budget Justification

Provide a budget with line-item detail and detailed calculations for each budget object class identified on the Budget Information Form (SF-424A or SF-424C). Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching is a requirement, include a breakout by the funding sources identified in Block 18 of the SF-424.

Provide a narrative budget justification for the first year of the proposed project. The narrative budget justification should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

General

Use the following guidelines for preparing the budget and budget justification. Both Federal and non-Federal resources (when required) shall be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which you are applying. "Non-Federal resources" are all other non-ACF Federal and non-Federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, Federal budget; next column(s), non-Federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

Personnel

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person, provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant.

Fringe Benefits

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, taxes, etc.

Travel

Description: Costs of project-related travel by employees of the applicant organization. (This item does not include costs of consultant travel).

Justification: For each trip show: the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key staff to attend ACF-sponsored workshops should be detailed in the budget.

Supplies

Description: Costs of all tangible personal property other than that included under the Equipment category.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: local travel; insurance; food; medical and dental costs (noncontractual); professional services costs; space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant Federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not be charged as direct costs to the grant. Also, if the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

Commitment of Non-Federal Resources

Description: Amounts of non-Federal resources that will be used to support the project as identified in Block 18 of the SF-424.

Justification: If an applicant is relying on match from a third party, then a firm commitment of these resources (letter or other documentation) is required with the application. Detailed budget information must be provided for every funding source identified in Block 18 of the SF-424.

V. Application Review Information

V.1. Criteria

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in *Section IV.2* of this announcement.

Objectives and Need for Assistance

Maximum Points: 25

The evaluation of this criterion will be based on the extent to which the applicant's proposal demonstrates the applicant's:

- Description of each grantee's learning environment; number of teachers, home visitors and family child care providers to be coached;
- Interest in improving the abilities and qualifications of their teaching staff;
- Quality and availability of the supports currently available to teaching staff;
- Diversity of strengths, needs, experience and education of the teaching staff, home visitors, and family child care providers to be coached
- Demonstrated need for assistance;
- Clearly stated attainable objectives for improving the quality of teaching; and
- Specific and measurable outcomes expected for both teaching staff and children. Measurable outcomes should include improved scores in the domain of Instructional Support as measured by the Classroom Assessment Scoring System (CLASS).

Approach

Maximum Points: 30

The evaluation of this criterion will be based on the degree to which the applicant's proposal demonstrates the following:

- Knowledge of factors that can interfere with coaching success;
- Knowledge of factors that can facilitate coaching success;
- Knowledge of strategies for individualization;
- Strategies for providing coaching in diverse settings; and
- Strategies for providing logistical support for a successful coaching initiative.

Organizational Capacity

Maximum Points: 25

The evaluation of this criterion will be based on the degree to which the applicant's proposal demonstrates the following:

- Backgrounds of coaches is appropriately diverse for the populations they will serve; and
- Organization will provide sufficient time for staff to participate in training, discussions and other activities with their Coach.

Budget

Maximum Points: 20

The evaluation of this criterion will be based on the degree to which the applicant's proposal demonstrates the following:

- Proposed costs must be reasonable, appropriately allocated and sufficient to implement the Early Learning Mentor Coach Project; and
- Proposed costs must be justified based on the needs and resources of the program and the community served.

V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application.

Initial ACF Screening

Each application will be screened to determine whether it was received by the closing date and time and whether the requested amount exceeds the award ceiling. Applications that are designated as late according to *Section IV.3. Submission Dates and Times* or those with requests that exceed the award ceiling, stated in *Section II. Award Information* will be returned to the applicant with a notation that they were deemed non-responsive and will not be reviewed.

Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using the criteria described in *Section V.1* of this announcement. Each panel is made up of experts with

knowledge and experience in the area under review. Generally, review panels are composed of three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding and are one element of the decision-making process.

ACF may elect to not fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider a preference to fund organizations serving emerging, unserved, or under-served populations, including those located in pockets of poverty, and to consider the geographic distribution of Federal funds in its funding decisions.

ACF reserves the right to deny funding to any applicant that is presently designated as "high risk," or has received a summary suspension of financial assistance under Section 646 if the Head Start Act (42 U.S.C. 9841), or has been debarred, or whose financial assistance has been terminated by any Federal agency. ACF may elect not to fund applicants that have management or financial problems that make it unlikely the applicant would be able to provide effective services.

ACF also reserves the right to fund applicants that are representative of the different regions and States served by Head Start. Grantees will be selected to reflect different program options, populations served, and qualifications of teaching staff.

Approved but Unfunded Applications

Applications that are approved but unfunded may be held over for funding in the next funding cycle, pending the availability of funds, for a period not to exceed one year.

V.3. Anticipated Announcement and Award Dates

VI. Award Administration Information

VI.1. Award Notices

Successful applicants will be notified through the issuance of a Financial Assistance Award (FAA) document that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-Federal share to be provided (if applicable), and the total project period for which support is contemplated. The FAA will be signed by the Grants Officer and transmitted via postal mail. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter, signed by the Program Office head.

VI.2. Administrative and National Policy Requirements

Awards issued under this announcement are subject to the uniform administrative requirements and cost principles of 45 CFR Part 74 (Awards And Subawards To Institutions Of Higher Education, Hospitals, Other Nonprofit Organizations, And Commercial Organizations), or 45 CFR Part 92 (Grants And Cooperative Agreements To State, Local, And Tribal Governments).

An application funded with the release of Federal funds through a grant award, does not constitute, or imply, compliance with Federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable Federal regulations.

Grantees are subject to the limitations set forth in 45 CFR Part 74, Subpart E-Special Provisions for Awards to Commercial Organizations (45 CFR §74.81_Prohibition against profit), which states that, "... no HHS funds may be paid as profit to any recipient even if the recipient is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs."

Grantees are also subject to the requirements of 45 CFR Part 87, Equal Treatment for Faith-Based Organizations: "Direct Federal grants, sub-award funds, or contracts under this ACF program shall not be used to support inherently religious activities such as religious instruction, worship, or proselytization. Therefore, organizations must take steps to separate, in time or location, their inherently religious activities from the services funded under this program. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against Federal funding of inherently religious activities, can be found at the HHS web site at: <http://www.hhs.gov/fbci/waisgate21.pdf>.

A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with Federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives Federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities." Additional information on "Understanding the Regulations Related to the Faith-Based and Community Initiative" can be found at:

<http://www.hhs.gov/fbci/regulations/index.html>.

The Code of Federal Regulations (CFR) is available at <http://www.gpoaccess.gov/CFR/>.

Award Term and Condition for Trafficking in Persons

Awards issued under this announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104). For the full text of the award term, go to http://www.acf.hhs.gov/grants/award_term.html. If you are unable to access this link, please contact the Grants Management Contact identified in Section VII. Agency Contacts of this announcement to obtain a copy of the Term.

HHS Grants Policy Statement

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. Appendices to the HHS GPS include a glossary of terms and a list of standard abbreviations for ease of reference. The general terms and conditions

in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Financial Assistance Award (FAA). The HHS GPS is available at http://wwwacf.hhs.gov/grants/grants_related.html.

VI.3. Reporting

Grantees under this announcement will be required to submit performance progress and financial reports periodically throughout the project period. The frequency of required reporting is listed later in this section.

In FY 2009, most ACF grantees began using a standard form for required performance progress reporting (PPR). Use of the new standard form, the ACF-OGM SF-PPR, began for new awards and continuation awards made by ACF in FY 2009. At a minimum, grantees are required to submit the ACF-OGM SF-PPR, which consists of the ACF-OGM SF-PPR Cover Page and the Program Indicators-Attachment B. ACF Programs that utilize reporting forms or formats in addition to, or instead of, the ACF-OGM SF-PPR have listed the reporting requirements later in this section.

Grant award documents will inform grantees of the appropriate performance progress report form or format to use beginning in FY 2009. Grantees should consult their award documents to determine the appropriate performance progress report format required under their award.

Grantees will continue to use the Financial Status Report (FSR) SF-269 (long form) for required financial reporting.

Performance progress and financial reports are due 30 days after the end of the reporting period. Final program performance and financial reports are due 90 days after the close of the project period. Final reports may be submitted in hard copy to the Grants Management Office Contact listed in *Section VII. Agency Contacts* of this announcement.

The SF-269 (long form) and the ACF-OGM-SF-PPR may be found at http://www.acf.hhs.gov/grants/grants_resources.html.

All other grant policy terms and conditions contained in applicable Department of Health and Human Services (HHS) Grant Policy Statements apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. Recipients are responsible for contacting their HHS grant/program managers for any needed clarifications.

2. Recipient Reporting

Recipients may not use any funds obligated under this award for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States or unless HHS waives the application of this provision. (ARRA Sec. 1605)

4. Wage Rate Requirements
